¹ This topline and the companion short report are based on interviews conducted June 14-24, 2021. Additional interviews were conducted June 25 to 27, 2021, but those interviews are not included in this particular analysis, nor were those additional interviews included in the weight used in this topline and companion report. Interviews conducted June 25 and later are excluded from this analysis because June 25 was the day that the U.S. government released an intelligence report on this topic, which could have affected respondents' answers to related survey questions. The data presented in this topline and the companion report reflect U.S. public opinion before the report release.
